Dear Ms. Dortch:

On October 10, 2002, Laura L. Smith, Jeremy Denton and Robin Landis of the Industrial Telecommunications Association, Inc. (ITA) met with Bryan Tramont and Cathy Hilke of Chairman Michael K. Powell's office to discuss the above-referenced proceeding seeking to improve the CMRS – public safety interference problem in the 800 MHz band. At the meeting, ITA updated Mr. Tramont and Ms. Hilke on the status of the Consensus Proposal, specifically addressing concerns from the utility and manufacturing communities.

Sincerely,
